Alchemy (healing / poisons)

Healing potions

To craft healing potions, you will need to be proficient in Medicine or Nature, unless you have an Alchemist Kit or Herbalism Kit, in which case you can use either as if you had proficiency. If you have the Cure Wounds spell, you can add your Spellcasting Modifier to the roll.

Poisons

You only get up to two of Serpent's Venom or a single dose of either of the others per downtime due to the careful nature of crafting one without harm to yourself. All poisons take a bonus action to apply and last either 1 minute or until you score a hit.

1. Serpent's Venom (Uncommon)

- A creature subjected to this poison must succeed on a DC 12 Constitution saving throw, taking 3d6 poison damage on a failed save, or half as much damage on a successful one.

2. Drow Poison (Rare)

- A creature subjected to this poison must succeed on a DC 14 Constitution saving throw or be poisoned for 1 hour. If the saving throw fails by 5 or more, the creature is also unconscious while poisoned in this way. The creature wakes up if it takes damage or if another creature takes an action to shake it awake.

3. Purple Worm Poison (Very Rare)

- A creature subjected to this poison must make a DC 19 Constitution saving throw, taking 42 (12d6) poison damage on a failed save, or half as much damage on a successful one.
